Product Capabilities

Additional Context

"Legit Security Is The Centerpiece Of Our Product Security Program"

Submitted Sep 27, 2023

5.0 ★★★★★ Overall User Rating

Product(s): [Legit Security](#)

Overall Comment:"Legit Security quickly has become the focal point for our product security program - both in terms of policy/process controls and product vulnerabilities. It's central to how we build a secure product. "

Lessons Learned

What do you like most about the product or service?

Legit is highly customizable to allow us to define and track policy and process above and beyond the raw scan results.

What do you dislike most about the product or service?

We'd like to see some better reporting in the future to provide to our customers and auditors.
